

REBEL CURRENCY COUNTERFEITED AND CIRCULATED

Reported Over 4,000,000
Pesos Have Been Printed;
Merchants Victims.

Counterfeit "Constitutionalist" currency is worrying the local money changers. There is said to be \$2,000,000 in counterfeit Villista money in circulation and there is a well defined report that \$4,000,000 worth of the new Carranza currency was printed after the delivery of the \$20,000,000 which was contracted for by Carranza's treasury department.

The plates and dies from which the new issue of Carranza money was printed have been replaced by counterfeiters. The counterfeiters are said to be working in the "Constitutionalist" treasury department. This is said to have been done to prevent any money being printed from the plates, except that authorized by the treasury department. Local "Constitutionalist" say that a quantity of money, estimated to have amounted to \$4,000,000, was printed from the plates before they were obtained by the treasury department.

The counterfeit Villista money is in general circulation in El Paso, money dealers say. One man discovered that \$1,000 worth of the Villista money was counterfeit after he had taken it in exchange for merchandise. He succeeded in having the goods returned to the store. This money bears the pictures of Francisco I. Madero and Abraham Gonzalez and is said to have been counterfeited in a very clever way.

U. S. STILL WOULD KNOW ABOUT MISSING SOLDIER

Washington, D. C., July 22.—The case of private Samuel Parks, who mysteriously disappeared at Veracruz in the early days of American occupation of that city, will again be brought to the attention of the government in Mexico City with a request for an explanation as to what happened to him. This will be one of the heritages to the Carranza government.

AGENTS FOR ORZCO ESTABLISH JUNTAS ALONG BORDER

Many of His Representatives
Said To Be In Douglas;
Las; Filibusters Armed.

Douglas, Ariz., July 22.—Several Mexican agents, said to be agents of Pascual Orzco, have arrived in Douglas. These men are said to have been connected with the Orzco revolution and are believed to have come here for the purpose of establishing juntas. Already recruiting is under way along the border and several parties of filibusters have recently been dispatched across the line. All were well armed.

Plank Under Arrest.

Charged with insulting and threatening injury to the first magistrate of Sonora, Maj. Carlos Plank, is held incommunicado in the state prison, according to information received here. Plank formerly resided in Douglas and his friends are making an effort to secure his release. His offense is punishable under the Mexican laws by a long term imprisonment. Plank is alleged to have been drunk at the time he committed the offense.

Bull Moose to Meet.

The "Progressive" county central committee will hold a meeting on the afternoon of July 23, at the office of David Benishimol. A number of "Progressives" from Bisbee have announced their intention of attending the meeting.

After being lost for two days on the Painted Desert, J. C. Gilson and wife arrived here. They were making the trip from Oakland, Calif., in an automobile which became marooned in a mud hole in the desert. They were without food for two days and secured water from mud holes. The Gilsons were found by another motor party.

Deport Labor Leaders.

Under surveillance of the Mexican authorities, 20 Mexican labor agitators, deported from Cananea, are being detained at Agua Prieta. The authorities are trying to devise some plan by which they can dispose of them and will probably deport them as undesirable.

busters crossed the international line at Dog Springs, N. M., and invaded the United States district. They say that Gomez has never crossed the line and that he is near the Palomas Land and Cattle company's ranch house in Chihuahua. They are 100 federal filibusters near Palomas, the cattlemen say.

The Gomez band as far as is known is the only group of independent operators along the entire border. They number about 100 men. Unless the army commanded by Orzco and Carranza move into the north, little trouble is expected as regards a movement of former federal filibuster troops. But these troops are said to be headed this way.

Revokes Pardo's Election.

Pressure brought to bear on Villa by his advisers has induced him to revoke the appointment of Rodolfo Pardo as a general and brigade commander and of Maj. Carlos Dominguez as a colonel to command a brigade in the division of the north. Both of these men were appointed and promoted when Villa was in Juarez last week. Pardo was placed in charge of the brigade of the late Gen. Trinidad Rodriguez and Dominguez succeeded to the command of the Ortega brigade, whose commander died last week. The opposition to Pardo was caused by the efforts of the Carranza commission which is investigating the killing of William S. Benton, a British subject, and to Dominguez for his disagreement with the Carranza officials during his term as second in command of Carranza's staff.

Revol Madero Elevated.

Raoul Madero has been made commander of the Ortega brigade and Gen. Ortega, second in command to the late Gen. Rodriguez, has been put in command of the brigade Trinidad Rodriguez.

Madero is a brother of the late president of Mexico and has been active in Villa's army since last February. Gen. Ortega, who has been placed in command of the Trinidad Rodriguez brigade in from Parral and has been connected with the Villa forces for the last four years.

U. S. WOULD CHECK ARMS SMUGGLING

Washington, D. C., July 22.—The treasury department Wednesday ordered extraordinary precautions against the smuggling of arms and ammunition into Mexico. With an open break between Carranza and Villa threatening, the United States is determined if possible to prevent the accumulation of arms and ammunition in northern territory controlled by Villa. Collectors of customs along the border are directed to exercise unceasing vigilance, to have every car and vehicle crossing the international line searched and to give particular attention to tank cars. If these precautions prove unavailing, it is understood the government may resort to a formal embargo proclamation similar to the one issued by President Taft and rescinded later by President Woodrow Wilson.

It is known that the purpose of Villa's last trip to Juarez was to facilitate the purchase of arms and ammunition from the United States and it is understood he has succeeded in landing something over 3,000,000 cartridges over the line.

VILLA TO HAVE AN ICE MAKING PLANT

For the first time in the history of warfare, a general in the field will have an ice making plant included in his field equipment. Francisco Villa has ordered a complete ice making plant from L. Stevens and it will be completed and sent south with Villa's army next week.

The ice making machinery is to be mounted on two horse drawn trucks. It will have a capacity of one-fourth of a ton of ice daily and will also supply refrigeration for a large cold storage chest. One truck will have the ice making machinery with a gasoline engine for power while a second truck will have 20 cans, each having a capacity of 50 pounds of ice. The ice making plant was ordered for the march to Mexico City as it is impossible to obtain ice in the interior and the water is frequently so warm that it cannot be drunk by the men.

REBEL CONSUL SENDS IN HIS RESIGNATION

Rafael E. Musquiz, "Constitutionalist" consul in El Paso, has tendered his resignation to Vanustiano Carranza and will return to his former home in C. P. Diaz, a post at which his resignation is accepted and a successor is named for the El Paso post.

Consul Musquiz has been stationed in El Paso since December. He came here from Hermosillo, where he was with Carranza in the field. He was called to Hermosillo from his post in C. P. Diaz and later assigned to the El Paso consulate.

Senor Musquiz expects to reside in Mexico City as soon as his party takes charge and it is probable that he will have a prominent position with the Carranza government.

GEN. ROJAS AND HIS MEN START REVOLT

Mexico City, Mex., July 22.—With 250 federal troops, Gen. Antonio Rojas revolted Wednesday at Tacayuba, a suburb of the capital. A detachment of the 19th regiment, sent in pursuit, routed Rojas and his men in Santa Fe hills.

Fifty of the mutineers were captured and brought here Wednesday night under heavy guard. Gen. Rojas and Col. Alariste, with about 100 men, escaped and are closely followed by the government troops.

CARRANZA TO CONFER WITH SPANISH AGENT

Manuel Walls Melino, the Spanish confidential agent who has been here awaiting instructions from Carranza, has been invited to have a conference with Carranza at Saltillo and expects to leave Friday for that city. Senor Melino will make an effort to have the confiscated lands of his nationals returned to them. He will call on Villa after he has had a conference with Carranza.

MATTORRENA CARRIES FOOD TO STARVING IN GUAYMAS

Douglas, Ariz., July 22.—The departure of Juan M. Mattorrena, a staff from Hermosillo for Guaymas was reported here today. The governor's purpose is to establish civil government at Guaymas. The train on which he went carries several carloads of provisions for the starved inhabitants, a gift of the Hermosillo chamber of commerce. The railroad shops at Empalme are to be opened immediately.

SANITARY OFFICER HERE.

Dr. A. Villareal, who is chief of Villa's sanitary corps in Mexico, is a visitor in El Paso, having accompanied his family here from Torreon. Dr. Villareal has directed all sanitary work during the recent campaigns of the rebel army.

FEWER MEN AT WORK AT CANANEA

Douglas, Ariz., July 22.—The force of men now at work at the smelter at Cananea is much smaller now than before the recent strike. Saturday night there was a rush of applications for re-employment, but when the plants opened several hundred men were missing. Company officials believe a heavy downpour of rain kept many of the men from reporting for work.

OBREGON'S ARMY IS NEAR MEXICO CITY

Mexico City, Mex., July 22.—Advances guards of 200 troops of Gen. Alvaro Obregon's army of 8000 "Constitutionalist" is at Tula, within an hour's ride of the capital and the remainder of the army is near Queretaro, where it is believed to be organizing for a peaceful entry to the capital. It is believed Gen. Obregon's army will be first to enter the capital.

A majority of the members of the Madero congress have assembled here, ready to govern upon suggestion by Carranza. The Huerta congress has not formally dissolved, but its members have dropped out of sight.
